

SANTA LUCIA

A LA CARTE

Ugo Mascolo (1948) - Napoli - Gradini del Pallonetto a Santa Lucia

As I sit in the heart of my city, I close my eyes and take everything in for a moment. The atmosphere, the commotion, the sound of happy people passing and of course the food. Growing up in Naples I learned to appreciate the value of simple, wonderful food being shared with family and friends. Here at Santa Lucia we aim to bring a taste of Southern Italy to Glasgow, with style and service being equally as important as our primary passion, authentic and honest food.
